## EPWP Financial Education Facilitators Receive Certificates

Article & Pictures by: Thembela Sehlapelo

The DPWI Gqeberha Regional Office proudly hosted a Certificate Handover Ceremony for EPWP officials who successfully completed the FSCA Train-the-Trainer Financial Literacy Programme.

The ceremony was held on 1 August 2025 at the Department of Public Works and Infrastructure Gqeberha Regional Office in Eastern Cape.

A total of 20 EPWP officials from various government departments and municipalities across the province were trained as Financial Education Facilitators, now equipped to share critical knowledge on budgeting, saving, credit management, and consumer rights within their communities and workplaces.

Mr. Themba Mahlangu, from the Financial Sector Conduct Authority (FSCA) encouraged the new facilitators to continue empowering others:

“Empowered consumers make informed financial decisions when buying financial products and services.” — Mr. Themba Mahlangu, FSCA.

Mr. Mziwabantu Ntese Ntese, EPWP Programme Manager, echoed this sentiment:

“The partnership between the Department of Public Works and Infrastructure and the Financial Sector Conduct Authority has been nothing short of transformative for our EPWP participants. Through this collaboration, we’ve gone beyond providing work opportunities — we’re equipping young people and unemployed South Africans with the financial knowledge they need to manage their earnings, avoid debt traps, and build more secure futures.”
